1. [] met with [] and the DD/P space control man to consider temporary allocation of office space within LAS territory in "I" Building to relieve NEA's overcrowded condition. It was agreed that while some space might be made available by doubling up, this would offer no real solution. Furthermore, any such arrangement would further impair privacy, create confusion and perhaps interfere with the efficient operation of LAS. There would also be an increased security problem. It was apparent that the only real solution is to move the LAS "I" Building component to Quarters Eye.
 2. One person reported Monday to be tested in the written and oral part of the Chinese Proficiency Test.
 3. During the past week the following books were received by the LAS Library:

Taylor, James L., A Portuguese-English Dictionary 1 copy

Wormald, F. L, ed., Association of American Colleges and Bulletins 1 copy
